Australia Awards Scholarships (AAS) 2017/18 Application Open - Targeted Category

Dear Bapak Hadiyanto

I am pleased to advise that the Australia Awards program will be conducting another scholarship round process that will open on 1 February to 30 April 2017. I am also pleased to advise that the Ministry of Finance will be able to directly nominate their staff who would like to apply for a scholarship to Australia Awards as the Indonesian Government is a Targeted Category under the process.

I have attached various forms that can be used to nominate and assess the staff capability against specific selection criteria (Attachment 1 and 2).

As you are aware, the Australian Department of Finance under the Government Partnerships Fund Program (GPF) has specific partnerships with the Secretariate General, Directorate General of Budget, Directorate General of Treasury, and Directorate General of State Assets Management in the Ministry of Finance. I am therefore happy to discuss about any staff member who is an outstanding performer and who would like to apply for an Australia Awards scholarship. For these staff members, I will be happy to consider providing a professional recommendation for their application. Nominations for such staff should be due to me by 23 January 2017. I have therefore also copied this letter to the Director General Budget, Director General Treasury and Director General State Asset Management.

Please be aware of the other application key dates in Attachment 3. We have also provided further information on category and nominees' eligibility, as well as the recommended study courses which can be found in Attachment 4 and 5. If you have any queries on the Australia Awards Scholarships process or any other matter in this letter please do not hesitate to contact myself or the GPF-Finance liaison officer (gpf.aip@gmail.com).

Sincerely yours,

CATEGORY AND ELIGIBILITY

Australia Awards Scholarships in Indonesia are offered in two main categories: "Targeted" and "Non-targeted".

Applicants from the Targeted category include:

- Geographic focus areas (GFAs): any candidate working in one of the provinces/geographic focus areas nominated under the GoA/Gol development partnership program. These are currently: Aceh, East Nusa Tenggara, West Nusa Tenggara, Papua and West Papua;
- Embassy Partners: any candidate nominated by an Australian Embassy official or by a member of an Australian government funded program with the support of an Australian Embassy official; and,
- Government of Indonesia (Gol) agencies: any candidate from a central government agency (Jakarta based or regionally based)

Applicants from Non-Targeted include those public servants and non-public servants outside the above category.

Scholarships are for full-time study for a Masters or Doctorate degree from Australian tertiary institutions. The scholarship provides up to nine months full-time language and academic preparation in Indonesia. Students must achieve satisfactory results in this training to be able to continue their scholarships.

Social inclusion

Eligible candidates with a disability or from organisations working with the disabled are encouraged to apply. Women and candidates within DFAT Geographic Focus Areas are also encouraged to apply.
